

First, I would like to begin with some mixed good news. GEO, in Aurora, has decided to empty their women's pod. Fortunately, Casa De Paz is on it and working to provide companions for these women so they can get home safely but they need volunteers TODAY to be companions. Please contact Casa de Paz to volunteer at **Phone:720.500.2272**.

Greetings,

We are a coalition of local groups, with a working umbrella name of Colorado No More Prisons. The groups involved, at this time, are; DenverABC, Denver Black and Pink, Denver IWOC- a committee of the IWW, ARWG- a working group affiliated with the General Defence Committee of the IWW, focusing on Colorado facilities.

The current situation for prisoners in the Prison Industrial Slave Complex facilities has been exacerbated by the pandemic, caused by the Covid-19 virus. Ongoing deadly conditions for prisoners are now made worse by no communication from the slave masters, except to announce on their websites that visitation has been suspended- no more family visits, no more lawyer visits, nothing. Mail has not been returned or answered from our activists on the Front Range. The situation is dire. We need to organize support for prisoners in Colorado. To do that, we ask for input on who would be interested in helping us. We are a very few and are seeking interested volunteers to help us contact Colorado facilities to find out what the hell is going on with; prisoner contact, both phone and mail.

We are trying to organize a Zoom meeting to get input and discuss how best to proceed with our efforts. Please contact Frank at, waterlifer@protonmail.com if you are interested.

Following is a list of Colorado facilities, please feel free to call for answers on whether or not prisoners receiving mail and/or calls.
